

## Suggested Anti-terrorism Security Measures for Businesses

### **Little or No Cost Actions**

- Increase the visible security personnel presence wherever possible.
- Rearrange exterior vehicle barriers (traffic cones) to alter traffic patterns near facilities.
- Institute/increase vehicle, foot and roving security patrols.
- Implement random security guard shift changes.
- Arrange for law enforcement vehicles to be parked randomly near entrances and exits.
- Approach all illegally parked vehicles in and around facilities, question drivers and direct them to move immediately, if owner can not be identified, have vehicle towed by law enforcement.
- Limit the number of access points and strictly enforce access control procedures.
- Alter primary entrances and exits if possible.
- Implement stringent identification procedures to include conducting 100% "hands on" checks of security badges for all personnel, if badges are required.
- Remind personnel to properly display badges, if applicable, and enforce visibility.
- Require two forms of photo identification for all visitors.
- Escort all visitors entering and departing.
- X-ray packages and inspect handbags and briefcases at entry if possible.
- Validate vendor lists for all routine deliveries and repair services.

### **Actions that May Bear Some Cost**

- Increase perimeter lighting.
- Remove vegetation in and around perimeters, maintain regularly.
- Institute a vehicle inspection program to include checking under the undercarriage of vehicles, under the hood, and in the trunk. Provide vehicle inspection training to security personnel.
- Conduct vulnerability studies focusing on physical security, structural engineering, infrastructure engineering, power, water, and air infiltration, if feasible.
- Initiate a system to enhance mail and package screening procedures (both announced and unannounced).
- Install special locking devices on manhole covers in and around facilities.
